Q11. How do you know that particular project/projects?

Line percentages Unweighted sample Base - Q9 = 1 or 2	Total	I know the project in very general terms only (heard of it, basic information only, etc.).	I know the project quite well (more details).	The project was done in our village/town.	I know the project because I use it actively (e.g. constructed highway, sewerage, etc.).	I noticed an information poster/board about the project.	I know the project through media.	In other connection.

Q29. In your opinion, what is the biggest problem in obtaining information on the EU funds and their operational programmes and about the possibilities and results of such assistance?

		information is not interesting	information is difficult to understand for an ordinary person	information is difficult to access	lack of information	officials are not willing to provide such information	officials are not competent enough	no problem, information can be found if someone is really interested	red tape I do not look for information / I do not have time	other	I don't know
